

In 2024 a fence is about to be built around Görlitzer Park!

**A fence won't solve any problems,
it relocates them into the neighborhood!**

The Senate dictates solutions without having understood the problem

NEIN
ZU:

- THE FENCE
- CLOSURE OF THE PARK
- ADMISSION CONTROLS
- VIDEO SURVEILLANCE

Instead we demand:

- **An open park for everyone - day and night**
- **A local recreation area and meeting points for everyone**
- **The neighborhood must be included into decisions**
- **Social answers instead of building a fence**
 - 24h support service for the homeless
 - Safe drug consumption rooms
 - Expansion of social work / social street work
 - Arbeitserlaubnis für Geflüchtete Menschen
- **Redesigning the park**
based on the concept
“Handlungskonzept 2016”
developed by experts from
neighbors, the district office & social services
- **Work permits and legal employment opportunities for refugees**
